

SENSATION

Hybrid Winter Oilseed Rape

SENSATION is a hybrid variety of Winter Oilseed Rape from RAGT in France.

It combines very high seed yield potential with an excellent overall agronomic package which has been proven to be ideally suited to the Irish growing climate. It is a candidate variety for full recommendation this year.

- » **Excellent autumn vigour essential for good establishment**
- » **Excellent lodging resistance and stem stiffness**
- » **Early flowering date and medium maturity maximises the pod fill period**
- » **Proven to perform nationwide by Irish Farmers**
